## **We want you to sing with us!**

All ages, levels of musical ability, faith traditions, and life experiences are welcome in the hollow square. Participation in the shapenote tradition can range between secular and spiritual; fun and serious. Thoughtful and kind interactions with other singers, respecting their boundaries and unique needs, is a part of creating a loving and safe singing community.

## **COVID information:**

The venue will have three HEPA air purifiers running during the singing, and windows open for cross-breeze if the weather allows. Singers will be asked to provide their email at registration in order to receive information after the singing if any illness is reported. This singing is mask-optional; please be respectful of your fellow singers who choose to wear masks.

## **Accessibility information:**

The singing venue is wheelchair accessible. There are two handicapped parking spots available, and plentiful street parking near the accessible entrance. Restrooms on the level of the venue are gendered and wheelchair accessible. Single-stall gender-neutral bathrooms are located down a flight of stairs from the singing space.
